TWISTER SLAMS HOUSES TOGETHER — A small but vicious tornado Thursday lifted a house at Montegut, La., near Houma, from its foundation and slammed it into another leaving this wreckage. By a stroke of extreme good fortune only slight injuries were suffered by a mother of three children in one house and an eight-month-old girl in the other. Two other houses in the vicinity were heavily damaged.

Chicago's City Building Burns

Mayor, 100 Persons Flee Costly Blaze

CHICAGO — A fast-moving, spectacular fire swept through sections of the block square City-County Building in the Loop Thursday night, routing more than 100 persons, including the mayor.

More than a score of persons were led or carried to safety, many of them down ladders, from the 12-story structure. Included were several women who were trapped in upper floors.

The extra-alarm fire was confined to the extreme northwest corner of the building on the second and third floor, the City Hall half of the structure. City offices are located in the west half of the 48-year-old building, Cook County offices in the east half.

Four Persons Injured

Three firemen and a telephone repairman were injured, none seriously, in the extra-alarm fire which attracted thousands of spectators. The fire broke out shortly after 6 p. m. and was brought under control in less than two hours.

Damage to the grey stone building, covering the block bounded by Randolph, LaSalle, Washington and Clark streets, was estimated at \$250,000 by Mayor Richard J. Daley. The cause of the fire was not determined immediately.

Council Chambers Ruined

Heaviest damage was to the ornately paneled City Council chambers on the second floor, where officials said the fire was believed to have started. Flames were pouring from the chambers before firemen arrived, Daley, who was routed from his fifth floor office, said the chamber was a "beautiful and historic room that can never be replaced."

Chief Fire Marshal Albert H. Petersen, who reported the damage was at least \$200,000, said the Council chamber's paneling was worth about \$50,000.

Stark Commissioners To Present Price April 1

County To Get Offer On Fairmount Home

Stark County commissioners will submit in writing to Columbiana County commissioners an offer to purchase the Columbiana County interest in the Fairmount Children's Home at a meeting set for April 1 at 2 p. m. in the Courthouse in Lisbon.

The April 1 meeting was set up Thursday at a meeting which was to have included Stark and Columbiana county commissioners and Fairmount Home trustees. However, none of the three Columbiana County commissioners made an appearance at the meeting.

Yesterday's meeting stemmed from the recent findings of the Stark County Grand Jury which expressed dissatisfaction over conditions at the home, which is located near Alliance in Stark County.

Stark and Columbiana counties have been joint owners of the home with Columbiana contributing 20 per cent to the home's maintenance and Stark, 80 per cent.

Upkeep of the home is paid according to the population of the two counties.

However, Columbiana County withdrew children from the home nearly eight years ago, placing the wards in foster homes in the county.

For several years, Stark has attempted to buy Columbiana's interest in the home for \$30,000, but Columbiana County has demanded \$75,000. The price which will be offered by Stark County at the April 1 meeting is unknown.

No capital improvements have been made at the home for several years because of the dispute between the two counties.

A Stark County official said at yesterday's meeting that ownership of the home must be decided before successful operation of the home can be executed, and that reorganization or anything else would have to wait until that issue was settled.

Judge Louis Tobin of Columbiana County, present at the meeting, asked the Stark commissioners if they would be willing to submit the

question of a sale price to arbitration. Stark commissioners replied they preferred to wait to consider such a move until after the April 1 meeting.

Man Indicted In Traffic Death

Recalled Grand Jury Returns 2 True Bills

LISBON — Orville M. Ray, 56, of Waynesburg was indicted on a second degree manslaughter charge Thursday by the recalled January Grand Jury in the traffic death Dec. 28 of Mrs. Ada McAfee, 40, of East Rochester.

The grand jury also indicted George Bradovitch, 45, of Youngstown as a habitual criminal.

The recalled grand jury of eight men and seven women pleaded late Thursday to Common Pleas Court Judges Joel H. Sharp and Raymond Buzzard. During its one-day session, the jury heard testimony from four witnesses in the two cases.

The manslaughter indictment is an aftermath of an accident involving a truck driven by Ray and a station wagon operated by Sereno Swank of Minerva at the intersection of Rt. 172 and County Road 402 in New Alexander.

Mrs. McAfee was a passenger in the station wagon.

The grand jury recommended the installation of a four-way stop sign and a blinker light at the intersection where the mishap occurred.

The jury indicted Bradovitch as a habitual criminal after hearing testimony that Bradovitch had been imprisoned three times in the past on charges of larceny.

He pleaded guilty in January to a fourth larceny charge following his arrest for the theft of clothing from the Fitzpatrick Clothing Store in Columbiana.

Arraignment day will be Wednesday, according to Norman Ward, assignment commissioner.

County PTA Hears Educational Leader

LISBON — One hundred school men and women and parents attended the County Parent-Teachers Association Council meeting Thursday evening at Lisbon High School.

Glenn A. Rich, state director of elementary and secondary education, was the speaker and he gave 14 elementary standards to follow in having good elementary schools. They are:

Development of a philosophy for each school and a set of objectives, organization, administration policies, record and reports, educational program, good teachers, supervisors, principals, in service training, good instruction, adequate guidance, citizenship, instructional materials, library, good school buildings and grounds, custodial service.

He explained to the group the magnitude of the task to write standards for high schools and elementary schools. How the pressure groups, both private and public, have their effect, and how high school standards felt to be high in 1953 are now generally accepted.

Ike, Macmillan Reach Agreement On Middle East

Teamster Boss Pleads Innocent

TUCKER'S TOWN, Bermuda (AP) — President Eisenhower and Prime Minister Macmillan turned today to ways of boosting Britain's atomic military might after reaching a "gratifying measure of agreement" on the whole range of complex Middle East problems.

Officials said the military issues boil down to how much Britain is going to cut its forces and what can be done to increase the power of those remaining in uniform by providing them with atomic weapons.

Eisenhower was expected to assure Macmillan of U.S. help in developing a mightier force with fewer men under arms.

After four hours of negotiations in two sessions on the Middle East, spokesmen for the President and Prime Minister announced they had discovered a "gratifying measure of agreement."

U. S. Backs Hammarskjöld U.S. officials stressed, however, that for the moment the United States is backing U.N. Secretary General Dag Hammarskjöld fully in his Cairo talks with Egyptian President Nasser and that no final decision will be made until Hammarskjöld has reported to the United Nations.

The Middle East ground covered in Thursday's opening sessions of the Big Two Bermuda meeting included consideration of a suggested formula for resolving the immediate problem of the Gaza Strip by getting U.N. Emergency Force troops spotted at key points on both sides of the Israeli-Gaza border. The plan also would make the U.N. force responsible for security inside the strip, with Egypt retaining civilian administration of the area.

Refused U. N. Troops Israel has in the past refused to agree to proposals for putting U.N. troops on its soil and has said the way must not be left open for Egypt to use Gaza again as a base for raids into Israel.

The two leaders also agreed a joint committee of experts would study a British proposal for promoting construction of an Iraq-Iran-Turkey pipeline, with the prime purpose of lessening the dependence of oil producing and consuming countries on the Suez Canal. The plan envisages a U.S.-British treaty with those three Middle East countries to guarantee permanent freedom of movement of oil from the area.

Also discussed were steps which may have to be taken in regard to the payment of Suez Canal tolls, a prime issue in the Hammarskjöld-Nasser talks. Western nations using the canal had proposed that half the canal tolls be paid to an international agency for development and maintenance of the waterway. Nasser replied Egypt demand all the money but might be willing to put some of it into a development fund.

The two officials also blocked out in principle possible moves to

4 Crewmen Die In Plane Crash

ORLANDO, Fla. (AP) — A B47 Stratofortress bomber crashed soon after taking off from Pinecastle Air Force Base shortly before dawn today, killing the four crewmen aboard.

Names of the dead were withheld pending notification of next of kin.

The plane was taking off on a routine training flight when it suddenly began to lose altitude and crashed in a field about four miles south of the air base.

Great Air-Sea Search Mounts South Of Japan

THIRTY-FOOT SWELLS ALSO HAMPED THE RESCUE SHIPS.

75,000 SQUARE MILES The search area was to be expanded today to cover approximately 75,000 square miles.

Some Japanese aviation experts speculated the plane might have crashed on one of a chain of volcanic islands southeast of Tokyo.

The C97 was the eighth large plane to go down in the Far East since Feb. 22. In the seven previous crashes, 85 persons were listed as dead or missing, including President Ramon Magsaysay of the Philippines.

The four-engine C97, military version of the Boeing Stratocruiser, left Wake Island Thursday afternoon for Tokyo on the last leg of a flight from Travis Air Force Base near San Francisco, Calif.

The Air Force said 57 passengers and a crew of 10 were aboard the plane, with the passengers including 27 Air Force personnel; 17 Army and 10 Navy men; 2 civilian government employees, both men; and a woman military dependent, presumably the wife of a serviceman stationed in Japan.

One Woman On Crew The crew, which included at least one woman, all were members of the Air Force. The plane was operated by the Military Air Transport Service (MATS).

The plane's last reported position was 200 miles southeast of the big MATS terminal in Tokyo, at 12:15 a. m. (9:15 a. m., CST, Thursday). The radio report gave no indication of any trouble and

400 at Masonic Father, Son Banquet Last Night

A record crowd of 400 Masons, their sons and guests, attended the annual Masonic Father and Son Banquet Thursday evening in the Masonic Temple.

The throng was the largest ever gathered in the Temple dining room.

Bob Feller, former Cleveland Indians pitcher, was guest speaker and dancers and acrobats from the Bill Cassidy studio also provided entertainment.

Feller had planned to fly from the Lakefront airport in Cleveland to Salem, but discovered his plane radios were not operating. Since he is flying with his sons to Florida today, Feller had to leave his plane for repairs on the radios and hurriedly drive to Salem.

He arrived in time to relate humorous experiences from his years in baseball and answer questions from the audience. Feller also discussed the Indians' outlook this year, reporting that the team needs a third baseman, an outfielder and some added catching strength.

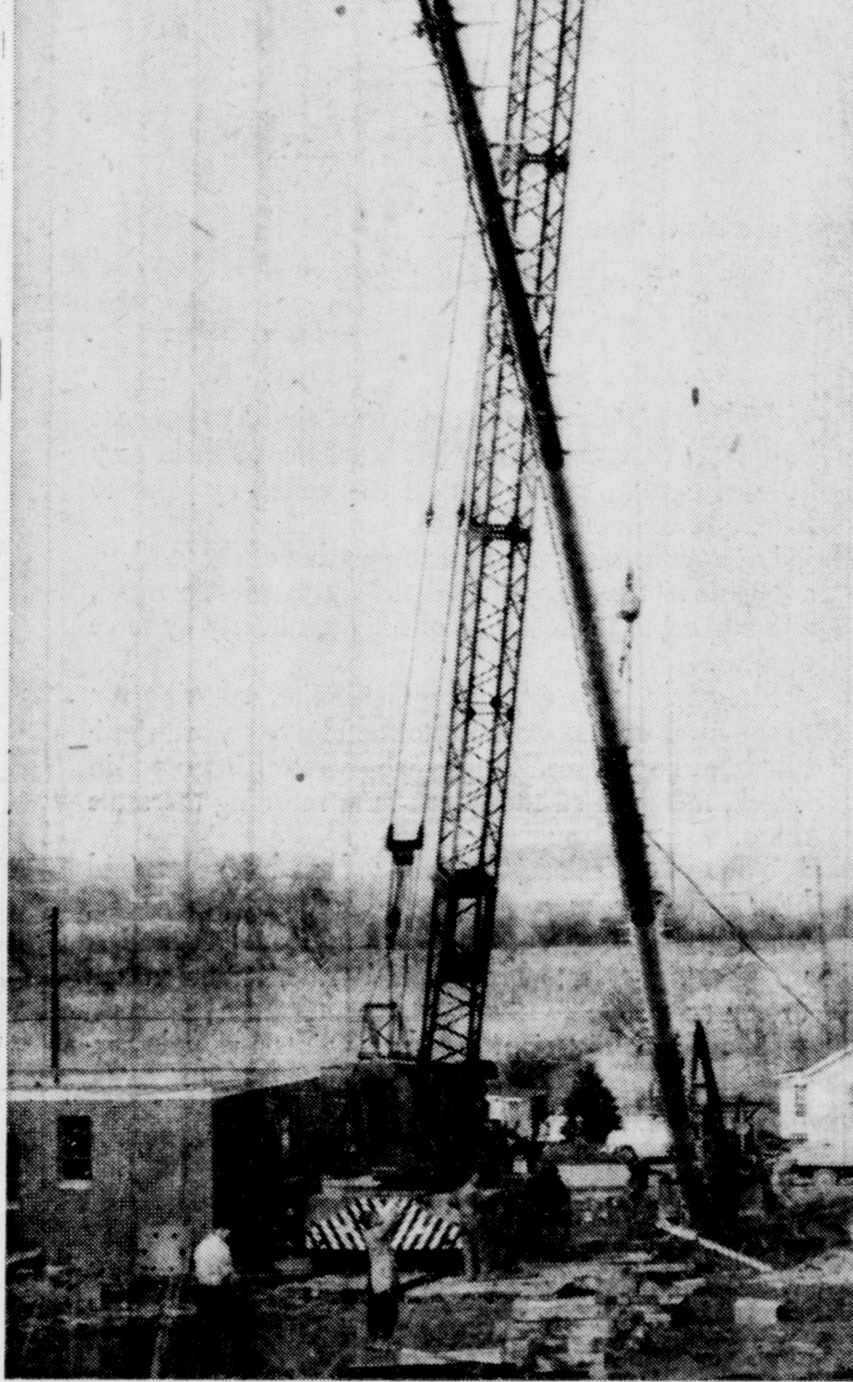

Feller was introduced by Russell Myers, chairman of the dinner.

Antenna For Lisbon Post Is 200 Feet High

This 200-foot metal tower was raised at the new State Highway Patrol Post near Lisbon Thursday afternoon to provide one of the highest shortwave radio antennas the Patrol has in Ohio.

A 100-foot crane boom slowly raised the giant metal tube as a truck at the base of the tower pushed it back toward the corner of the new brick barracks building at the left.

A one-foot red beacon light at the top of the orange and white striped tower was lighted last night for the first time. It serves as an air hazard marker for airplanes.

The tower raising operation took only about an hour, starting at 3:30, but getting the 75,000 pound crane and boom off the Route 30 highway and into proper position took about five hours. A crew of the Henry Selinsky Inc. firm of Canton erected the tower.

The 15-ton tube was set in an 18-foot deep concrete and metal base, which was designed to be even heavier than the tower to provide a balance which eliminates need for guy wires. Six metal legs support the tower at the four-foot square base.

The huge tower, the largest the patrol has in the state in order to provide reception from Columbiana County's deep valleys, is 1 1/2 feet in diameter at the base and three inches at the top. It was constructed in sections varying in length from 12 1/2 feet to two feet. Union Metal and Mfg. Co. of Canton made it.

A slim 12-foot radio antenna is connected to the top of the pole. It will get its first official use when the patrol moves from its present Salem quarters to the new post along Route 30 about a mile southeast of Lisbon. Work is continuing on the \$55,000 building and the move is planned for later in the spring.

New Columbiana Nazarene Church Will Open Sunday

Church Ground Broken May 17

Parsonage to Be Built Near Church

COLUMBIANA — The congregation of Columbiana Church of the Nazarene will hold its first services Sunday at 10:45 a.m. and 7:30 p.m. in its new \$100,000 church on N. Elm St. Ext.

A program of special music by the choir, members and friends is planned for the evening service.

Rev. Lonnie Baltz, pastor, will preach at both services, to which the public is invited. A Sunday School rally is planned for 9:45 a.m.

Work on the new church was started with a ground breaking ceremony Sunday, May 17, 1956, and the cornerstone was laid Aug. 20, following.

Frank Van Pelt supervised the work of building with Reuben Russell and son, James, in charge of the mason work.

Donations of work by members and friends reduced the actual cost of the project to about \$70,000, and the remaining indebtedness is \$22,000.

The church has 13 class rooms in the basement as well as the assembly room for the beginner and junior departments. Besides the nave, the first floor has a wing for overflow, one class room, the pastor's study and a sound-proof nursery. The seating capacity is about 400. Indirect cove and recessed lighting are provided for the auditorium.

New Appalachian oak pews have been installed and modern folding doors separate the nave and wing. The aisles and entire front of the church will be carpeted. A new studio piano has been installed for the opening services.

TO THE LEFT of the church is a parking lot 100 x 239 feet, which will accommodate 75 to 100 cars. A parsonage is to be built on the lot east of the church.

In the last three years, the Sunday School has shown a 50 per cent increase, and the church membership a 25 per cent increase.

Firestone American Legion Post Auxiliary, at its March meeting Wednesday evening, initiated two new members, Mrs. William Duffy, wife of the commander of Firestone Post, and Mrs. John Ellis. A delegate and alternate to Buckeye Girls' State was discussed, but choice of Columbiana High School juniors will be made later.

Girls State this year will be at Capital University, Columbus, beginning Saturday, June 15, and continuing a little more than a week. Mrs. Leah Hitchcock, chairman of the community service committee, gave a report of loans of the auxiliary hospital equipment for the last 12 months. The equipment is for free use by people of the community.

A new "walker" for use of convalescing patients instead of crutches has been purchased. Reports on the annual magazine campaign for the benefit of the hospital equipment fund are not complete. Donations were made to the Red Cross and Easter seals.

The auxiliary is placing an order with the Ohio Department for its annual sale of poppies the Saturday before Decoration Day. A bake sale is scheduled for Saturday, March 30, in the room adjoining the Union Bank.

THE SEARCHLIGHT Class will serve a ham supper in the basement of the Methodist Church from 4:30 to 7 p.m. tomorrow.

Young Adults of Jerusalem Lutheran Church will meet in the church basement at 8 p.m. next Tuesday. A Bible question and answer period will follow the business meeting. Hosts will be Roger and Pauline Griffin and Otto and Dolly Souder.

Twenty-three were present to sew at the meeting of Columbiana Auxiliary of Salem hospitals in the Methodist Church, Monday, when 19 large surgical wrappers, 10 dozen surgical towels and nine dozen diapers were made. The annual report showed 1,800 pieces made during the 12-month period.

Firestone Park board has put up for bids the refreshment concession at the bath house for next summer.

The Kiwanis pancake and sausage supper at Dixon School from 4 to 8 p.m. tomorrow for the benefit of its underprivileged child fund will be under the supervision of Aunt Jimmie in person, sent to Columbiana by the Quaker Oats Co.

A special feature of the March meeting of the Sorosis Club in the public library Wednesday evening was a review by Mrs. A. R. Brown of the religious book, "You Can," by Star Dailey. Others who took part in the religious emphasis night program were Mrs. W. S. Longworth, Mrs. Joseph M. Woodward and Mrs. Howard D. Evans. Mrs. J. Stewart Brown was hostess.

JESUS LOVED THEM

By PATRICK and GARRISON

SIMON The Zealot

"... and Simon called Zealotes."

—Luke VI:15

Aside from this brief reference (and similar references in the other Gospels), the New Testament tells us very little of Simon, except that he was called by Jesus to be one of the twelve disciples.

Luke indicates that he was a member of the Zealots, a Jewish sect which adhered strictly to Mosaic ritual, and advocated the assertion of religious liberty by force of arms.

Elsewhere he is called the Canaanite, referring not to the place of his birth, but to the Hebrew word signifying "to be zealous." Luke, who wrote his Gospel in Greek, merely used the Greek term meaning the same thing.

The sect of Zealots is believed to have been organized by a fierce patriot known as Judas the Galilean who, when Judea was made a Roman province, publicly urged the people to resist Roman rule, and to refuse to pay taxes.

The Jewish historian, Josephus, paints a very derogatory picture of the Zealots in their later history during the siege of Jerusalem under Vespasian.

According to his account, they assassinated many of the most eminent citizens of the Holy City, and created such internecine conflicts among the Jews that they fell easy prey to the Roman attackers.

Even the Zealots themselves were divided into two factions, the historian relates, whose struggles among themselves hastened the fall of Jerusalem.

It may well be that Simon the Zealot was one of the followers of Jesus who believed that He might be a political deliverer who would overthrow the hated rule of Rome.

In one of his most widely quoted poems, the American poet, Ezra Pound, tried to imagine the thoughts of Simon the Zealot, following the Crucifixion. The work is called, "Ballad of the Goodly Fere," and one of the stanzas quotes the disciple as saying:

"A master of men was the Goodly Fere
A mate of the wind and sea
If they think they ha' slain our Goodly Fere
They are fools eternally."

U. S. Part Of Seaway Work 30% Complete

WASHINGTON (AP)—The U. S.
portion of the St. Lawrence Sea-
way is 30 per cent complete, offi-
cials said today.

The St. Lawrence Seaway De-
velopment Corp., the agency cre-
ated by Congress to construct and
maintain the 27-foot-deep water-
way, said the over-all completion
figure is based on contractors' earnings and government costs

The corporation said excavation
and pile driving were major items
of work performed last month.
Additionally, about 285,000 cubic
yards were excavated for both the
Eisenhower and Grasse River
locks and about 310,360 cubic
yards on the main portion of the
long Sault Canal.

Lock contractors, the corpora-
tion said, are making preparations
to resume concrete work as soon
as warm weather returns to the
International Rapids section of the
St. Lawrence River.

Three other male students and
five coeds were placed on strict
disciplinary probation by the fac-
ulty committee on student con-
duct. This amounts to a ban on
any social activity.

A crowd of nearly 1,000 students
mobbed through the campus after
they heard of the surprise Spartan
basketball victory at Lexington,
Ky. Some surged toward a women's
dormitory shouting "we want
panties," and some underthings
were thrown out of windows by
cooperative coeds.

MAY GET TV STATION
CLARKSBURG, W. Va. (AP)—
Clarksburg stands a good chance
of getting its first television sta-
tion if the Federal Communica-
tions Commission approves the
stocks transfer of the Ohio Valley
Broadcasting Corp. to WSTV, Inc.,
Steubenville, Ohio.

Clarksburg Publishing Co. had
fought the stocks transfer, but
Thursday filed its consent to the
move with the FCC. In consenting,
Clarksburg's president, Cecil B.
Highland Jr., said he has "be-
come convinced that the proposed
stocks transfer was in good faith
and would place sole ownership
and control of the proposed TV
station in WSTV, Inc."

House Raps USAF For Wastefulness

WASHINGTON (AP)—The House
Interior Committee today accused
the Air Force of "incalculable
wastefulness" in the use of public
lands for military purposes.

In a report recommending that
Congressional approval be re-
quired for withdrawal of more
than 5,000 acres of public land for
military use, the committee said
the Air Force itself came up with
a report that it held 5,700,000
acres not needed for bombing and
gunnery ranges.

The committee asked that the
Defense Department insist on sim-
ilar internal surveys by the Army
and Navy before any more public
land withdrawals are made.

The committee said defense
agencies hold more than 300 mil-
lion acres of land in the United
States and Alaska and are re-
questing an additional eight mil-
lion acres.

**15 Students Penalized
For Victory Celebration**

EAST LANSING, Mich. (AP)—Ten
male students and five coeds were
penalized today for a boisterous
celebration last Saturday night of
the Michigan State University
basketball victory over Kentucky.

Seven male students were sus-
pended for an indefinite period.
This means they cannot attend
classes during the spring term
but can apply for readmission in
the future.

Three other male students and
five coeds were placed on strict
disciplinary probation by the fac-
ulty committee on student con-
duct. This amounts to a ban on
any social activity.

A crowd of nearly 1,000 students
mobbed through the campus after

Raps Holding Parents to Blame for Delinquents

DETROIT (AP)—Dr. Ralph D.
Rabinovitch says legislation mak-
ing parents responsible for the de-
linquent acts of their children is
"primitive and destructive."

"Such treatment puts parents on
the defensive," the noted psychia-
trist told a meeting of the Child
Welfare League of America.

"It is a mockery of the work we
are trying to do to help parents,"
he said. "We should be holding
out the hand of sympathy."

"There are distinct cases when
legal action against parents is nec-
essary, but these are separate
things," he said.

Dr. Rabinovitch is director of
the Hawthorne Center for Dis-
turbed Children at Northville,
Mich.

Marilyn Monroe Won't Say If She's Pregnant

NEW YORK (AP)—Marilyn Mon-
roe has refused to confirm or
deny reports she is expecting a
child. She says she considers that
part of her life a private matter.

A newspaper story out of Holly-
wood said the blonde actress had
turned down the role of Grushenka
in "The Brothers Karamazov" be-
cause she is expecting a baby.

Representatives of Miss Mon-
roe said she "is available for work
if the proper vehicle comes
along" and quoted her as saying
she still would like to play the
role of Grushenka.

The actress and her husband,
playwright Arthur Miller, have
been confined to their Manhattan
home with virus. Through a
spokesman Thursday, Miss Mon-
roe said of the report she is
pregnant:

"I have nothing to say at this
time. I'm sure that everyone will
agree that some things are private
matters. I just feel that this is
one of them."

U. S. Won't Extend Salk Vaccination Program

WASHINGTON (AP)—The admin-
istration says it does not seek to
extend the federal program of aid
for Salk polio vaccinations beyond
its July 1 expiration date.

Surgeon General Leroy E. Burn-
ey said that the Public Health
Service would restrict its activi-
ties to testing and licensing vac-
cine after that date.

Burney told a House Govern-
ment Operations subcommittee
Thursday that the federal pro-
gram, set up by Congress in Au-
gust 1955, "had proved its point
and there is no need at the pres-
ent time to ask for an extension."

The law provided funds for Salk
shots for children and pregnant
women.

Hog Prices Running 35% Above 1956

WASHINGTON (AP)—Wary live-
stock farmers appear to be taking
a cautious view of hog prices,
which are running about 35 per
cent higher than a year ago.

Normally such a boost in prices
would encourage producers to step
up production sharply in the hope
of cashing in on the higher re-
turns.

But an Agriculture Department
check of farmers' production plans
in nine corn belt states showed
that the 1957 spring pig crop may
be about the same as last year's.
These states produced 71 per cent
of last year's hogs.

The department liked what it
found. Officials have been con-
cerned lest the increased prices
start another cycle of overproduc-
tion with consequent depressed
prices, lower farm incomes and
producer demands for government
action to support hog prices.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doc-
tors call a "thrift" colon that, instead
of retaining moisture as it should,
does the opposite: robs the colon of
so much moisture that its contents
become dehydrated, so dry that they
block the bowel; so shrunken that
they fail to excite or stimulate the
urge to purge that propels and expels
waste from your body.

To regain normal regularity, the dry,
shrunken, constipating contents of
your colon which now block your
bowel must be re-moistened. Second,
bulk must be brought to your colon
to S-T-R-E-T-C-H STIMULATE it to
action; to a normal urge to purge.

And, of all laxatives, only COLONAD,
the amazing new laxative discovery
possesses COLONAD's great moisturiz-
ing capacity, plus COLONAD's stretch-
stimulating bulk. So effective it re-
lieves even chronic constipation over-
night, COLONAD is yet so smooth, so
gentle it has proved safe even for
women in critical stages of pregnancy.
Superior to old style bulk, salt or drug
laxatives, COLONAD neither gags,
bloats nor grips; won't interfere with
absorption of vitamins and other val-
uable food nutrients; in clinical tests,
did not cause rash or other reactions.

It's a physiological fact: Exercise tones
your body! And COLONAD exercises
your colon to tone it against constipa-
tion, overnight! Get COLONAD, in
easy-to-take tablet form at any drug
counter, today! Only 98c for the 60
tablet package, brings positive relief
at less than 2c per tablet.

Final Stages Of Drive To Eliminate J.P. Courts To Begin In Legislature

COLUMBUS, Ohio (AP)—Final stages of a drive to eliminate justice of the peace courts in Ohio got under way in the Legislature next week.

The House Judiciary Committee opens hearings Tuesday and Wednesday on 16 bills to expand jurisdiction of municipal courts.

Two weeks later the committee expects to start consideration of measures to create county courts with jurisdiction in all territory outside municipal courts.

Enactment of the proposals would spell the doom of 516 J. P. courts remaining in the state, said Chairman Kenneth A. Robinson (R-Marion).

Ohio has about 1,100 squire courts, he explained.

Peace justices in Belmont County challenged the act and lower courts said the Legislature could not delegate salary fixing powers. The case now is pending in the Ohio Supreme Court on appeal. A decision could come down before the Legislature adjourns.

Robinson said it would be impossible for the Legislature to set the pay of more than 500 squire justices whose salaries now range from \$1 to \$8,000 a year.

But the Legislature can abolish their jobs and that, he said, is what will happen if the bill to create county courts wins enactment.

County courts, he explained, would take over the work of J.P.'s in both civil and criminal cases. They would have sole jurisdiction in money cases up to \$100 and concurrent jurisdiction with other courts to \$300.

The number of county judges would depend on population. The Legislature would set their pay scale. Tentatively, counties would have one judge for each 30,000 population to 9,000. Common pleas courts would fix the number of judges for populations above 90,000.

The House Committee chairman said he is working closely with Sen. William Tyrrell (R-Preble), who has a similar county court bill pending in the Senate.

According to custom, proposals to expand jurisdiction of municipal courts will be combined in an omnibus bill by the committee, Robinson reported. Pending measures would increase from 15 to 23 the number of municipal courts with county-wide jurisdiction.

The additional counties are Cuyahoga, Summit, Pickaway, Wyandot, Highland, Defiance, Clark, Butler, Richland and Montgomery. The bill dealing with Pickaway is pending in the Senate.

Other bills slated for inclusion in the omnibus measure would: Create a municipal court in East Cleveland, Belpre in Washington County, and Fairborn to serve Fairborn and Bath townships in Greene County.

Extend Youngstown Municipal Court territory to include Boardman and Coitsville townships.

Summit County would be divided between the Akron, Barberton and Cuyahoga Falls courts while

Simian Artists

By HAL BOYLE

NEW YORK (AP)—The new vogue for chimpanzee paintings — many collectors are now buying them as a hedge against inflation — has raised the question: "Who is the real dean among the world's living anthropoid artists?"

Betsy, who has the same phone number as the Baltimore Zoo, drew press raves after viewers at her "one-chimp show" forked out \$125 for some of her finger paintings.

Well, nothing has caused more consternation in the simian world since the revelation that bananas are fattening. Chimpanzees, like humans, are jealous of each other's success, and show world-wide chimps all over the country have been denouncing poor Betsy as a fraudulent overgrown monkey.

The latest to get into the act is Zippy, 6 years old and the wealthiest ape in the television jungle.

Homeworth Garden Club Has Session

HOMEWORTH — Eighteen members attended a recent meeting of the Homeworth Garden Club held with Mrs. Frank Lindsay.

Theme of the program was "Now is the Time." The papers on the topic were presented by Mrs. Harry Hahn and Mrs. Melvin Bare.

The meeting was conducted by Mrs. Lowell Wagner, president.

Mrs. Wagner stressed the use of plant instruction books at the Canton Garden Center. The club sent ice cream to the Columbiana County Home for Valentine Day. The next meeting will be held April 5.

Mr. and Mrs. Virgil Thomas of Alliance called on the former's mother, Mrs. Rena Thomas and family Monday.

A pleasant gathering was held at the home of Mrs. Helen Stroup honoring the birthday anniversary of Mrs. Ollie Stewart.

A fine dinner was served and the homeroom received valuable gifts.

MUST RETURN TO PRISON

HOUSTON, Tex. (AP)—For 10 years, 54-year-old Aaron Gordon has been a model husband and stepfather here. Now he must get back to an Ohio prison he escaped from in 1947.

Gordon served 1 year of a life sentence for the slaying of Rose Becker, a friend of his first wife, who surprised him while he was burglarizing her apartment. He escaped from the London, Ohio, prison farm while driving a truck as a trusty.

Gordon came here after his escape, remarried, and lived as Louis Vernon. FBI agents picked him up Friday.

Negroes Fined For Violating Segregation

BIRMINGHAM, Ala. (AP)—Recorders Judge Ralph E. Parker today fined 21 Negroes \$50 and costs each for violating Birmingham's bus segregation law, and in his ruling charged that the 14th Amendment to the U.S. Constitution is "null and void."

The municipal judge struck out at what he called "the attitude of a conspiring small group of Negroes who defy the law in regard to segregation and take matters into their own hands."

The 14th Amendment guarantees equal protection under the law. It is a keystone of many Negro legal attacks on racial segregation laws in the South. It was adopted during the reconstruction period.

"Southern senators and representatives were denied their right to participate in the two-thirds vote necessary for submitting the amendment to the states for ratification," Parker said.

Ohio's Eight Top Cage Teams Begin State Finals Tonight

Championship Tilts Saturday

Coaches Seek Bigger Share Of Receipts

By FRITZ HOWEL
COLUMBUS, Ohio (AP)—Eight of Ohio's classic quintets moved into the state high school basketball finals today as scholastic coaches demanded a greater share of the state and regional tournament receipts.

Semi-finals for the four survivors of 696 Class A and 349 Class AA teams were scheduled at Ohio State University's brand new St. John Arena, clearing the way for Saturday's finals.

The next-to-final round pairings, with all teams only two victories away from the titles, were:

Class A: Ayersville (27-1) vs Midvale (21-9) at 1:30 p. m., and Gratus (26-1) vs Bethel (27-1) at 3 p. m.

Class AA: Cleveland Cathedral Latin (23-0) vs Kent Roosevelt (22-2) at 7:30 p. m., and Middletown's defending champions (25-0) vs Toledo Macomber (22-1) at 9 p. m.

Directors of the Ohio High School Basketball Coaches Assn., at a meeting lasting into the wee hours today, voted to urge the State Board of Control to carve the state into eight, instead of six, districts and send eight instead of four, teams in each class to future tournaments.

The directors also urged that the present plan of paying a team a pre-determined bonus for appearances in regional and state tournaments be abandoned in favor of a percentage of the net setup.

Although they said the present expenses paid competing teams are inadequate, mentors said they were willing to go along with the current setup if the bonus system is enhanced.

They urged that, in regional tournaments, 20 per cent of the net gate receipts be divided into six shares, with the first round losers receiving one share each, and the two finalists two shares each. In the state finals they would split 20 per cent of the net into 12 shares, with the semi-final losers getting one share, and the four finalists two shares each.

Under the present system the competing teams in the state meet are paid expenses and \$125 bonus per game played. The coaches figured that last year's state finals receipts were \$29,769.16, and that 20 per cent of that, some \$5,952, divided into 12 shares would be about \$496. Thus each loser would receive that amount, in addition to expenses, with the four finalists getting \$992.

With this year's attendance and gate receipts due for a hefty rise, the coaches said the State High School Athletic Assn's share would not be less than a year ago and that "a much more equitable allowance would be made to the teams."

Middletown, with an unbroken string of 50 straight victories—the best in Ohio history—is going after its seventh Class AA crown, a diadem never won more than four times by any other team.

Cathedral Latin, rated No. 1 in the state in the final Associated Press poll, has 23 in a row as compared to Kent Roosevelt's 22-2. If the Cathedralers and Middletown triumph in this evening's contests, the last of the state's unbeaten teams, and the No. 1 and No. 2 team in the poll, will clash Saturday night for the laurels.

But Macomber and Roosevelt appeared nonchalant and unperturbed at practice sessions Thursday, and seemed capable of turning in startling upsets although their opponents are favored.

No team from Toledo or Cleveland has ever won the state championship, while Middletown has triumphed six times since 1944, four under Walker's expert tutelage.

The coaches, at their session Thursday night, said they thought any team which could fight its way through the field of 696 Class A or 349 Class AA teams into the final eight had a right to go to the state tournament, rather than risk elimination in a regional fray.

They also urged all coaches in the state's 1,045 schools to enroll in the association to make it a truly representative group. At present only 560, or slightly more than half, are members.

North Carolina, Kansas Favored In NCAA Play

By WILL GRIMSLEY
KANSAS CITY (AP)—North Carolina's all-winning iron men and Kansas, with a seven-foot giant who stuffs rather than shoots the ball into the basket, are favorites to gain the final round of the National Collegiate Basketball Tournament tonight.

Ohio-Penn All-Star Tilt Is Proposed

COLUMBUS, Ohio (AP)—An Ohio-Pennsylvania all-star high school grid game, to be played late in August, will be discussed by Ohio's football coaches tomorrow.

The contest, suggested by Al Clark, sports editor of the Harrisburg, Pa., News, would be a charity game.

Clark, formerly of the Dayton Journal Herald, will outline his plan to the directors of the Ohio High School Football Coaches Assn. at their meeting here Saturday morning.

The former Ohio sportswriter will suggest that 25 players be picked from the all-senior North-South All-Star squads which play at Canton Aug. 16, to combat a similar Keystone State team at Hershey, Pa., the following week.

Clark hopes to make the venture an annual one, with the game being played in Ohio in alternate years.

Clark outlined his proposal in a letter to Bill Kidd of New Philadelphia, president of the Buckeye scholastic coaches. Kidd's first reaction was that the game, if played after the Canton fixture, would hamper Ohio coaches in starting their regular practices, but he promised Clark a hearing and full consideration of his plan.

The grid coaches will meet at 10 a. m. at the Neil House, and will attend the state high school basketball tournament.

Baseball Officials Map Plans To Fight Anti-Trust Moves

Cleveland Team Fails In ABC Tournament

FORT WORTH, Tex. (AP)—The Telco Tool team of Cleveland, Ohio failed to live up to advance billing in its initial bid in the open team division of the American Bowling Congress tournament.

The Telcos, first nationally prominent club to appear in the big 51-day tenpin tourney, rolled a tepid 3-game total of 2,793 Thursday night.

The Peter Hand Reserve Beer team of Chicago holds the open team lead with its tremendous 3,126 posted March 18. Telco is not among the top leaders.

Ralph Nicol of Lansing, Mich., shot a 9-game total of 1885 to take over second in the all events, currently led by John Crimmins of Detroit with 1922. Nicol rolled series' of 655, 607 and 623.

Andrew Hudoba of Youngstown, Ohio, crashed into third in the singles standings with a 3 game total of 685. He shot games of 275, 202 and 208.

Dean Overholser, Chicago still leads the singles with 708.

North Carolina, ranked No. 1 in the nation on its 30-0 record, tangles with Michigan State in the opening semifinal game at Municipal Auditorium.

Kansas sends its celebrated ace Wilt (The Stilt) Chamberlain against San Francisco's defending champions.

The presence of Chamberlain has made Kansas the choice for the title.

The star-spangled lineup raised tournament interest to an all-time pitch. North Carolina and Kansas finished the season one-two in the national Associated Press basketball poll. San Francisco has won the tournament the past two years. Michigan State is the "Cinderella team," having knocked off third-ranked Kentucky in the eliminations.

The four coaches all appeared highly confident.

"We feel we can beat anybody," said Fordy Anderson, who mas-terminated Michigan State to a blazing finish of 10 straight wins in the regular season.

"In 11 years of coaching I've never seen the fire that's inside the heart of this ball club."

North Carolina boasts height, speed and shooting strength but lacks reserves.

"Our boys are trained to run 40 minutes," said Coach Frank McGuire. "They don't get tired. We only substitute when a boy fouls out, which isn't often."

McGuire said his boys feel no pressure from their long winning streak and are relaxed and confident.

Phil Wolpert, who coached San Francisco's great national champs last year when he had Bill Russell for a star, called the present squad "comparable in defense but not in offense — we have no counterpart to Russell."

Kansas was beaten twice during the season, by Iowa State and Oklahoma A&M. But rival coaches still figure Chamberlain makes the Jayhawks the favorite.

"He is the most fantastic player of the age," says McGuire.

Baseball Officials Map Plans To Fight Anti-Trust Moves

While no announcement of what takes place at the meeting is expected, it was learned that organized baseball will set up a three-man committee to meet with congressional leaders to discuss what baseball must do — or stop doing — to remain free from anti-trust legislation.

Three bills now are pending in Washington as outgrowths of the recent Supreme Court ruling which declared professional football a business. Baseball, twice previously declared a "sport" and not subject to monopoly laws, now is under study by the lawmakers.

At least one club owner, however, feels that the situation isn't as serious as some believe. Robert Carpenter, Jr., president of the Philadelphia Phillies, said before today's meeting that "no one is going to shut down baseball. I don't think legislation, if it comes of all this, will be detrimental to the game. Baseball will still be around long after we all are gone."

Frick, announcing that the meeting was called to discuss the situation and hear individual views on the matter, took a definite plan of defense before the owners, but declined to comment on it.

Aragon Gets 1-5 Years In Prison

Defense Plea For New Trial Rejected

LOS ANGELES (AP)—Art Aragon's colorful boxing career was apparently ended today as he faced a prison term of one to five years for trying to fix a fight.

His attorneys said they would appeal the decision.

The heavy blow to Aragon's hopes was delivered by Superior Judge Herbert V. Walker, who rejected a defense plea for a new trial and an official recommendation for probation.

"We have here a man who has attained an enviable reputation in the boxing world," said Judge Walker, fixing a stern gaze on the 29-year-old fighter. "Of all persons, he should be a clean sportsman and a representative of a clean sport — or one which should be clean. Crimes of this nature are not small crimes."

Aragon, a hard-hitting crowd pleaser nicknamed the Golden Boy, was found guilty a month ago of offering Dick Goldstein \$500 to fake a fourth-round knockout in a bout scheduled for last Dec. 18 in San Antonio, Tex. The fight was called off when Aragon turned up ill.

Aragon's attorney, Jules Covey, in a three-hour plea for a new trial, called Goldstein an "unmitigated liar," and said he could prove his charge in another trial.

He was answered by Dep. Dist. Atty. William Ritz, who said that in last month's trial, Aragon "spun himself a web from which it is impossible to extricate him."

The judge said he was rejecting a recommendation that Aragon be placed on probation because the fighter gave no indication that he realized he had committed a crime.

The former third-ranking welterweight wept openly during the trial, but showed no emotion as Judge Walker pronounced sentence. Aragon is married, the father of three children.

SPEEDBOATS TO COMPETE

AKRON, Ohio (AP)—The Great Lakes divisional championships will be held at nearby Turkeyfoot Lake, Aug. 10-11, the American Powerboat Assn. announced here Thursday.

Some 200 speedboats in nine classifications will compete for berths in the National Outboard Championships to be held in Boston.

Braves Rip White Sox, Chicago Edges Indians

By JOHN CHANDLER
The Associated Press

Johnnie Logan, star Braves shortstop, may have been thinking of John Wesley Covington the other day when he suggested that Milwaukee's National League pennant chances would brighten considerably "if the guys in left field" would improve their batting averages.

On the other hand, Logan and Manager Fred Haney also may be putting the old squeeze play on Bobby Thomson, so the former New York Giant will start worrying about his job.

Wes Covington, as a rookie in 1956, appeared mainly in pinch-hit roles but played 35 games in the outfield. Thursday he socked three homers. So did Logan. Each drove in five runs as the Braves overpowered the Chicago White Sox 10-7.

In other exhibitions, the New York Giants defeated the Baltimore Orioles 2-1; the St. Louis Cardinals ended a four-game losing streak at the expense of the New York Yankees 9-2; the Chicago Cubs edged the Cleveland Indians 5-4; the Brooklyn Dodgers rallied to turn back the Kansas City A's 6-3; the Detroit Tigers whipped the Washington Senators 9-2; and the Cincinnati Redlegs had their second big day in a row, dumping the Philadelphia Phillies 13-10.

The Redlegs, who drubbed the Yankees 20-6 Wednesday with 25 hits, collected 22 against the Phils, including a homer by Hal Bevan. Ted Kazanski, Roy Smalley, John Kennedy and Joe Lonett homered for the Phils.

Herm Wehmeier, Larry Jackson and Hoyt Wilhelm limited the Yankees to five hits, while the Cards scored six unearned runs on three errors.

A triple by Eddie Bressoud with a mate aboard, and a sacrifice fly broke up a scoreless game in the seventh between the Giants and Orioles.

Homers accounted for all five Cub runs against Cleveland. Ernie Banks drove in three runs with two round-trippers, and Gene Baker hit a two-run homer. Al Smith and Sam Mele homered for Cleveland.

Charlie Neal and Don Zimmer each hit a two-run homer in the seventh to wipe out a 3-0 Athletic lead and the Dodgers added two more in the eighth.

To Oppose Bradley In NIT Finals Saturday

Memphis State Nips Bonnies

By TED MEIER

NEW YORK (AP)—When the pressure is toughest give the ball to Bob Swander of Memphis State and Yorktown, Ind. Three times this season he has won games with last-second points.

Thursday night he scored a field goal with less than a second left to give Memphis State an 80-78 overtime victory over St. Bonaventure in the semifinals of the National Invitation basketball tournament.

The victory put the "dark horse" Tigers in Saturday afternoon's TV final against second-seeded Bradley, which crushed Temple 94-66 in the other semi.

The valiant Bonnies had come from behind to tie the regulation game at 76-76 and go ahead in the overtime on Larry Weise's layup. Jack Butcher tied it at 78-78, then Memphis State went into a stall.

The Tigers called time out with 52 seconds to go. They continued to freeze the ball until only a few seconds were left. Then they shot and missed. The rebound came to Swander in sidcourt. He wrestled it away from a horde of Bonnies and flipped in the jump shot that won the game in dramatic fashion.

The Bradley-Temple game was a letdown after the exciting first game. Temple stayed close at 37-33 until near the end of the first half. Then Bradley broke the game wide open the same as they did against Xavier of Ohio Tuesday.

Bradley made 35 of 64 shots from the field. Barney Cable led Bradley with 25 points. Guy Rodgers made 23 for Temple.

"How are you going to lick a team that hits close to 0 per cent of their shots?" asked Temple Coach Harry Litwack afterwards. He referred to Bradley's making 35 of 64 shots from the field.

"They were hot just as they were against Xavier and we didn't have it to combat their height," Guy Rodgers, Temple's southpaw junior star, made 23 points, but generally he was not the noised performer he was against Dayton in the quarterfinals.

"We played him tough on his left," said Chuck Orsborn, Bradley coach. "You always do that with a southpaw. We used three men on him at different times. Johnnie Myers, Bobby Joe Mason and Chuck Sedgwick. They did real good."

Reliever Ray Narleski is expected to be out for sometime with a fractured finger. And Farrell is still looking for a fourth starting pitcher to back up Bob Lemon, Herb Score and Wynn.

Third base, vacated by Al Rosen, is still open. Rookie Billy Harrell has shown a great deal of promise at the position but Manager Kerby Farrell is still experimenting with second baseman Bobby Avila.

The pitching staff, pride of the Indians, is limping. Early Wynn was thrown out of his training schedule by a virus infection and then a sore hip. He's still on the sidelines.

Reliever Ray Narleski is expected to be out for sometime with a fractured finger. And Farrell is still looking for a fourth starting pitcher to back up Bob Lemon, Herb Score and Wynn.

Lopez Feels Chisox Can Win Flag

By JOE REICHLER

TAMPA, Fla., (AP)—Al Lopez, who beat the New York Yankees only once in six tries with Cleveland, thinks he can do it in his first season as manager of the Chicago White Sox . . . with a little luck.

"This is a club that has finished third the last five years," Lopez pointed out, "so it doesn't need very much to move up and maybe go all the way. If some of those kids like Jim Landis, Roger Howard, and Earl Battey, who have looked real good up to now, can continue to improve, your chances will be that much better."

Landis, a 23-year-old outfielder, has been the hitting sensation of the camp, leading the team with a .400 batting average through the first seven games. Howard, 25, is a righthanded pitcher who recently was released from the Army. In two three-inning outings, he limited the Yankees to two hits and the Brooklyn Dodgers to one while holding them scoreless. Battey, 22, is rugged, 200-pound catcher, who has impressed everybody with his hitting and throwing.

"If down the middle means anything," said Lopez, "and they say it does, then we're as strong as anybody in the league. With Sherman Lollar behind the plate, our good pitching, Nellie Fox and Luis Aparicio around second and Larry Doby in center field, we yield to nobody on the line from home plate to the flagpole."

Another pleasant surprise this spring has been the fine all-around play of Bubba Phillips at third base. This was one of the two spots that figured to give Lopez his biggest headache. The other is first base where four men are battling it out for the regular job . . . Walt Dropo, Ronnie Jackson, Norman Larkin and Jim Marshall.

"If Jackson hits," Lopez said, "he's got it. He's young, not bad in the field and at 6-7, he's got the size. Dropo has been hitting well this spring and he appears to have the edge over the others." There's no question about Nellie Fox, the league's best, at second base, and Luis Aparicio, the league's top rookie last year, at shortstop. Phillips has the call over Fred Hatfield and Sam Esposito at third base.

Doby, who paced the club with 24 home runs and 102 runs batted in, and Minnie Minoso, the team's leading hitter (.316), have a lock on two thirds of the outfield. Landis is pressing veteran Jim Rivera for the regular right field spot. Dave Philley and Ron Northey, pinch hitter de luxe, will be the outfield extras.

Lopez intends to open the season with 12 pitchers, a total that may be reduced to 10 at the May 15 cutdown date. He named left-handers Billy Pierce (20-9), Jack Harshman (15-11) and righthanders Jim Wilson (13-11) and Dick Donovan (12-10) as his big four with Bob Kegan (5-7) and Gerry Staley (8-3) as his spot pitchers. Paul LaPalme (2-4), Dixie Howell (5-6), and Ellis Kinder (2-0) will have some problems but nothing that our rookies cannot solve. "We've got good pitching," Lopez said, "maybe not as good as Cleveland's but certainly one of the best staffs in the league. We (0-2) may stick. Jim Derrington, form the bullpen. Jim McDonald a 17-year-old bonus lefthander from South Gate Calif., must be kept."

BRVES STUDY TRADES

BRADENTON, Fla., (AP)—Milwaukee Braves General Manager John Quinn says "there is still a possibility" of a trade for either the Philadelphia Phillies or the Chicago Cubs.

The Braves and Phillies have reportedly been talking a deal that would send Richie Ashburn to the Braves for Billy Bruton and an infielder. The Braves probably have offered shortstop Felix Mantilla, but the Phillies are apparently holding out for starter Johnny Logan.

The Cubs-Braves deal would put second baseman Gene Baker in a Milwaukee uniform with an outfielder going to the Cubs. The outfielder could be Bruton or Bobby Thomson.

CHISOX NEED INFELDERS

TAMPA, Fla., (AP)—Vice President Chuck Comiskey and manager Al Lopez had a closed-door strategy session from which Comiskey emerged with the report that the Chicago White Sox need infield help.

"To be honest, we've concluded that help still is needed at first and third base," Comiskey said. "Some of our candidates must come along faster, although we're not going to be too concerned until we see what two more weeks of exhibition play brings out," he said.

Scheffing To Give Wade A Long Tryout

MESA, Ariz., (AP)—In some quarters, rookie outfielder Gale Wade reportedly will never make it in the majors, but not so according to Bob Scheffing, Chicago Cubs manager.

"I know there have been times, even this spring, when Wade hasn't looked good in center field, but I'll have to take him over anything else we've got and you can bet he'll be in center field a long time before I quit on him."

Wade, 27, was given a tryout with the Indians in 1954 and he was in spring training with the Cubs in 1955 and again in 1956. The Cubs acquired him after the 1954 season in a deal in which Ralph Kiner was sent to the Cleveland Indians.

Jet Sets Round-Trip Record Across U. S.

LOS ANGELES (AP)—Falling to set a Los Angeles-to-New York speed record, a twin-engine Navy jet bomber turned around and flew back to Los Angeles to establish a new round-trip record of 9 hours 35 minutes 48 seconds, and an east-to-west record of 5 hours 14 minutes 57.80 seconds.

To Demand New Israeli Retreat

Hamarskjold Seeks Clearing Of El Auja

CAIRO, Egypt (AP)—U.N. Secretary General Dag Hammarskjold is reported demanding Israeli withdrawal from the El Auja triangle in the Negeb Desert as an essential step toward Israeli-Egyptian peace.

Israel is expected to refuse. Hammarskjold today went into the second day of his conferences with Egyptian officials on the operation of the Suez Canal and Israeli-Arab tensions threatening a renewal of Middle East fighting.

Hammarskjold met this morning for the second time with Egyptian Foreign Minister Mahmoud Fawzi.

Met With Nasser

The secretary general met for six hours Thursday night with Egyptian President Nasser. He and his aides refused to say what was discussed, but other sources indicated the meeting was devoted mainly to each man's feeling out the other's position.

Hammarskjold's reported belief that the Israelis must quit the El Auja triangle is in line with his firm view that both Israel and the Arabs must adhere strictly to the 1949 armistice, which ended the Palestine War, if friction is to be reduced.

The 19-mile-long El Auja triangle lies along the border between Egypt's Sinai Peninsula and Israel's Negeb territory. Because it straddles some much-used desert trails, the armistice said it should be demilitarized.

In 1955 Egyptians accused the Israelis of occupying the triangle. The Israelis countered by saying they had sent in only police units for protection because Egyptian troops had taken up positions close to the border on the Sinai side.

Hammarskjold was said to favor complete withdrawal by Israel from the area. He recently reported to the United Nations that units of the U. N. Emergency Force (UNEF) could be stationed in the triangle.

In Jerusalem, official circles said Israel does not want to quit the triangle unless Egypt reverses its attitude of belligerence toward Israel, in defiance of the armistice.

The informants said Hammarskjold brought up the El Auja question in talks with Israeli Foreign Minister Golda Meir earlier this week in New York. Mrs. Meir was said to have countered: "What about Egypt's belligerence and her continued blockade of the Suez Canal?"

Israeli army headquarters in Tel Aviv said Israel and Jordan forces duelled on the northern frontier northeast of Megiddo.

Piloting the Douglas Skyraider was Cmdr. Dale W. Cox Jr., Spirit Lake, Idaho. His crew was Lt. Russell Baum, the copilot, Baltimore, and Marine T. Sgt. Robert L. Butts, Mayville, N.Y.

The bomber left Los Angeles at 9:11 a.m. and was in New York 3 hours 59 minutes 14.80 seconds later. The best time, west-to-east is 3 hours 44 minutes 53.88 seconds set March 9, 1955, by Air Force Lt. Col. Robert Scott in an F84F Thunderstreak.

The former round-trip record was 11 hours 18 minutes 27 seconds, made May 21, 1955, by Air National Guard Capt. John M. Conroy in an F86A Sabre Jet. The old east-to-west record of 5 hours 24 minutes 26.64 seconds also was set by Conroy.

Headwinds ruined Cmdr. Cox's hopes of besting the west-to-east record, but at Floyd Bennett Field he and his crew ate sandwiches and sipped milk while crewmen loaded 5,000 gallons of fuel for the return trip.

Then, with box lunches of fried chicken under their arms, they climbed aboard for the return. Twenty minutes after arriving in New York, the Skyraider was on its way back to Los Angeles.

Lt. Baum said the Skyraider averaged 620 m.p.h. on the eastern flight, but only 447 m.p.h. on the return. Top speed on the flight was 740 m.p.h., he said, and 140 m.p.h. headwinds were encountered westbound from New York to Mansfield, Ohio. The bomber flew at about 34,000 feet.

Byrd Demands 6½ Billion Cut In Ike's Budget

WASHINGTON (AP)—Sen. Byrd (D-Va.) says President Eisenhower's budget, unless cut sharply, will begin "another spending spree which will continue inflation and increase the cost of living."

Denouncing the Eisenhower budget as "dangerous in the extreme" and "the worst yet," Byrd told the Senate Thursday it represents "a complete reversal of the retrenchment policy to which this administration pledged itself."

Byrd, who previously had called for a five-billion-dollar budget cut, upped that figure to 6½ billions.

In general, he said three billions of items 42 & 43: ... could be trimmed from domestic programs, two billions from foreign aid and 1½ billions from military-atomic projects.

Eisenhower's record peacetime budget contemplates spending of \$71,800,000,000 and new appropriations of \$73,300,000,000.

Byrd's call for a slash in defense funds was echoed today by the U. S. Chamber of Commerce. In testimony prepared for a House Appropriations subcommittee, Perry M. Shoemaker said at least 1½ billions can be cut from the defense budget without "in any way impairing our national security."

Lions Give Braille Checkers for Blind

About 35 braille checker boards are being distributed to blind people throughout Columbiana County under the auspices of the Salem Lions Club.

In the picture above, Miss Ruth Hartford, of Lisbon, county welfare department case worker who will distribute the checker games, plays a game with Miss Paula DeLeone, sixth grader from Ravenna who each month visits with her aunt, Mrs. Kenneth L. The braille checkers are made of light plastic and fit snugly into the notched board. One side of the checker is indented to denote king's once they are crowned.

With about 30 per cent of the goal reached, the Red Cross fund drive totals \$7,048.11 as of today, leaving \$14,427.89 necessary to go over the top. The goal is \$21,476.

D. Norman Eckfeld, general chairman, urged workers to complete soliciting in order that a final report may be presented by next Friday.

Team workers who have not yet distributed their material for solicitations are asked to do so immediately.

Persons who wish to contribute but who have not been personally contacted by team workers may send their donations to the Red Cross office at the Memorial Building.

The 1957 goal was increased by \$1,500 over the 1956 goal because of an increase in disasters in this county, and the overall rise in costs of local operation. If the goal is reached, \$14,835 of the total will remain in Salem for chapter work, and the balance will be forwarded to the national Red Cross at Washington, D.C.

Mrs. Hazel Linn, executive secretary of the Salem chapter, says that nearly 2,500 cases were handled last year by the local chapter at a cost of \$4,250.

It was indicated that the issue might be taken to the World Court or some other international agency. Egyptian guns kept Israeli ships out of the Aqaba area prior to Israel's October-November invasion of Egypt; U.N. troops now are occupying the gulf shore and Israeli-chartered ships are using the waterway.

the plane was expected in Tokyo on schedule, two hours later.

The Air Force said the plane had enough fuel for only about 3½ hours flying past its scheduled arrival time.

As soon as the plane was overdue, a sea and air search was launched in the predawn darkness. Life rafts aboard the plane were equipped with flares and flashlights and most rafts aboard trans-Pacific planes carry emergency radio transmitters for broadcast SOS signals.

Throughout the day, however, monitors picked up no distress calls. One expert said if the plane ditched in 30-foot seas, it almost certainly cracked up and sank quickly, possibly before life rafts could be launched.

Nixon To Urge U. S. To Help Arab Refugees

WASHINGTON (AP)—Vice President Nixon, back from a 22-day good will tour of Africa, is expected to urge strong American efforts to solve the Arab refugee problem.

Nixon returned Thursday with a 20,000-mile flying trip which took him to eight nations. He said he was "overwhelmed with friendship" in all the lands he visited.

But remarks he made to reporters during the 23-hour flight to Washington showed he regarded the refugee problem as of primary importance to any solution of the Middle East dilemma.

Brewster

dered by AFL-CIO President George Meany.

The special committee headed by Sen. McClellan (D-Ark) hoped to wind up by nightfall its hearings on allegations that (A) Brewster improperly used large sums of union funds as his own, and (B) that Brewster and Seattle, Wash., hoodlums "muscle in" on profitable rackets in Portland, Ore.

Sweeney Issued Checks

Brewster said Thursday the late John J. Sweeney, former secretary of the Western Conference of Teamsters, actually issued many of the union checks which bore both men's signatures. He said he signed groups of checks in advance and was not responsible for what the committee said was unusual handling of union funds from which Brewster and his friends benefited.

But he said he will see that the union is repaid for "every dime" of its funds used to pay finance his racing stables and help other personal bills, and that he may make restitution for money that went to others who, the committee says, had no right to it.

He said he has borrowed \$79,000 of union funds but has repaid it, always with interest "never less than 3 per cent."

Brewster vigorously defended a secret loan of some \$400,000 from union moneys in 1955 to a Canadian truck line, Pacific Inland Express, in which controlling interest passed to R. J. Acheson, a Seattle trucker. He said Acheson invested only time and effort in a reorganization of the firm. Brewster said his own object was to keep the firm solvent and thus save the jobs of its 160 union member employees. He said that was done, and expressed confidence the union will get its money back.

Brewster swore he had nothing to do with rackets. He denied testimony by Portland racketeer Big Jim Elkins that he once threatened Elkins with death in a lake wearing "concrete boots" if Elkins bothered "my boys" in Portland.

"I never threaten people," Brewster said. He added that he had been "very angry" and "a little boisterous" with Elkins when they met because he had just heard that Elkins wanted to "sell" him for \$10,000 some secretly made tape recordings of conversations which since have been used as evidence in the hearings.

Brewster repeatedly denied sending Seattle gamblers Tom Maloney and Joe McLaughlin to Portland, where Elkins says they squeezed him out as an underworld power by forming, with Brewster's support, a crooked alliance with local politicians.

Brewster also denied he authorized a \$3,900 loan by a Spokane union local to help set Maloney up in business with a card room and restaurant. He said he did not know Maloney also ran a hand-book in Spokane.

News of Meetings, Helpful Hints For Farmers

Conservation Reserve Data
When a farmer signs a conservation reserve contract with his county agricultural stabilization and conservation committee, he agrees to take certain acres out of production for periods ranging from three to 15 years, according to the county ASC office.

The length of time depends on the conservation practice he plans to follow on the designated acres. If the "banked" land has adequate vegetative cover and no cost-sharing payment is involved, the contract is for a minimum of three years, although he can make it for five or 10 years if he so desires.

If the land needs vegetative cover, the minimum length of the contract is five years, or 10 years if he so elects. For pond construction on conservation acres with cost-sharing, the minimum is five years, or 10 if he so elects, and for establishment of trees with cost-sharing the contract is for 10 years, or 15 if he prefers.

As a participant in the conservation reserve program, he is eligible for two kinds of payments—rental and cost-sharing. His rental payments will be made annually by check after the County ASC committee has determined his soil bank base crops and other land use practices on the farm. They'll vary from \$9 to \$15 an acre in Ohio.

Cost-share payments will be made after he has completed certain practices. On most approved practices the ASC will pay a maximum of 80 per cent of the cost of performing them.

A farmer can get cost-sharing on such practices as establishing permanent
